

HIGH SCHOOL OPEN HOUSE AND SHADOWING INFORMATION

One of the best ways to see how you feel about a school is to spend time on the campus. Most area private high schools offer opportunities for students to “shadow” on their campus for a day and get a taste of student life. The schools also host Open Houses for the whole family that provide a chance to tour the facilities, meet faculty, and get information about the programs each school offers. The following is a list of Open House dates and times, along with admissions contact information to use when asking questions or setting up shadowing visits:
